The purpose of Mountain Meadows Villaggio Homeowners Association is to preserve, protect and enhance the Villaggio property. To do so, rules must be enforced.

All Villaggio homeowners, by simply purchasing a home in Villaggio, have agreed to abide by the rules set forth by the Villaggio Board of Directors. Please take time to familiarize yourself and any tenants you may have with these rules. Owners are responsible for giving their tenants a copy of these rules and for seeing that tenants abide by them. We encourage you to help us maintain our property values and our quality of life by becoming familiar with and adhering to these Rules and Regulations (R&R's).

The Board of Directors seeks your cooperation and assistance in enforcement of these rules. Complaints, suggestions and /or recommendations must be in writing, signed and submitted to the management company before a violation will be issued. All complaints are kept confidential.

We look forward to your participation in the Villaggio HOA and we hope your residence in the community is a long and happy one.

IV. ARCHITECTURAL RULES

The following rules and regulations regarding homeowner architectural plans and designs have been created by the Board of Directors (BOD) of the Mountain Meadows Villaggio Homeowners Association, which also acts as the Architectural Committee. Authority to create and enforce these rules is granted by the Conditions, Covenants and Restrictions (CC&R's) and the By-Laws of the Mountain Meadows Villaggio Homeowners Association.

Compliance with these rules is mandatory. Failure to do so may result in significant individual expense.

Architectural approval will always be conditional on the aesthetic appearance of the changes or additions contemplated by the homeowner as well as their harmony in relation to the surrounding properties and the neighborhood as a whole. It is best to assume that any change you may wish to make to the outside of your home that will be visible from the street or will extend above the height of your wall, will require prior approval. When in doubt, submit a request.

Refer to, Article IX, Section 1 of the CC&R's for clarification on architectural approval.

A. ARCHITECTURAL GUIDELINES

PURPOSE AND INTENT

The purpose of the following guidelines is to protect the value, desirability and attractiveness of Villaggio while permitting the flexibility required to consider appropriate designs and achieve a functionally and visually integrated community. The homeowner is responsible for obtaining Architectural Committee Approval for any changes to the exterior of the home, outside structures and landscaping, which fall within the Architectural Guidelines. If unapproved changes come to the attention of the Association, the homeowner will be required to conform to the existing guidelines.

These guidelines will help direct you when submitting your plans:

1. Front of Home - Any changes to the exterior of the unit must first be approved by the Board or architectural committee.

The Association requires video receptors to be placed so they cannot be seen from the street or common area, so long as installation as required does not impair signal reception.

B. SATELLITE DISH INSTALLATION POLICY

VIII. ASSESSMENT DELINQUENCY POLICY

Timely payment of regular assessments is of critical importance to the Association. Members' failure to pay monthly assessments when due creates a cash-flow problem for the Association and causes those owners who make timely payment of their assessments to pay a disproportionate share of the community's financial obligations. Therefore, the Board of Directors has enacted the following policies and procedures concerning collection of delinquent assessment accounts, which incorporate the provisions of the California Civil Code Sec. 1350-1373, and Villaggio Homeowners Association's CC&R's.

- A. All regular assessments shall be due and payable, in advance, in equal monthly installments, on the first day of each month, in addition to all regular services and penalties (if applicable).
- B. Special assessments shall be due and payable on the due date specified by the Board in the notice imposing the assessment, or in the ballot presenting the special assessment to the members for approval, but in no event earlier than thirty (30) days after the special assessment is duly imposed.
- C. Regular assessments shall be delinquent if not paid within fifteen (15) days after they become due.
- D. Special assessments shall be delinquent if not paid within fifteen (15) days after they become due.
- E. If an installment payment of a regular assessment or payment of a special assessment is not made within fifteen (15) days after it has become due, a late payment charge of \$10.00 shall be imposed, and the Association shall be entitled to recover any reasonable collection costs, including attorney fees, that the Association incurs in its efforts to collect the delinquent sums.
- F. If the delinquency continues, the Association will send a written warning (pre-lien letter) via first class and certified mail to the owner of record. There is an administrative charge for this action, plus the cost of certified postage.
- G. If the assessment is unpaid after sixty days, (or 30 days following the postmark of the pre-lien letter), a lien is recorded in the Ventura County Recorder's Office against the property concerning all sums that are delinquent, including delinquent assessments, plus late charges, costs and reasonable attorney fees. There is an additional administrative/recording charge for this action. Additional charges and costs are incurred by the owner to record a Release of Lien after payment in full.
- H. If an assessment is unpaid for more than thirty (30) days after a lien is filed, the Association may refer the matter to its attorney or trustee or other such designated agent for collection. The Association may cause an action at law to be brought against the owner who is personally obligated to pay the delinquent assessment, or may cause a judicial or non-judicial foreclosure proceeding to be initiated to foreclose its lien against the owner's unit. If a lawsuit or foreclosure procedure is initiated by the Association to recover assessments, the Association is entitled by law (Civil Code Section §1366) and by the Declaration of the Covenants, Conditions and Restrictions (CC&R's) of the Villaggio Homeowners Association to recover not only the amount in default, plus late charges and interest, but also reasonable costs of collection, including title company charges and attorney fees.
- I. Payments received on delinquent assessments will be applied to the owner's account by the balance forward payment method, i.e., in reverse order so that the oldest arrearage is retired first. Thus, an owner's failure to pay interest or late charges on delinquent assessments will result in continued delinquencies.
- J. Any owner who is unable to pay an assessment will be entitled to make a written request for a payment plan to be considered by the Board of Directors. The Board will consider payment plan requests on a case-by-case basis and is under no obligation to grant payment plan requests.

- K. If an owner disputes any late charge or other charge levied by the Association, the owner is obligated to pay the amount in question despite such ongoing dispute and will be entitled to a refund or credit if the dispute is resolved in the owner's favor.

We hope that you will never be subject to the above procedures. We appreciate your cooperation and understanding regarding the critical importance of assessment collections.
